

FEED CÁN MAKE A DIFFERENCE

HAVENS & RACEHORSES

UNBEATEN!

Lucky Strike, ridden by Adri de Vries and trained by Jan Pubben wins the Prix de la Porte Maillot at Longchamps-Paris in 2003 (Gr. III) over 1.400 m. in an all-time record of 1'18"30. A record, that still stands 2016. Good feed cán make a difference.

WWW.HORSEFEED.NL

EASY WEANING

Of all mammals, mares produce the sweetest milk with the highest level of lactosis. To facilitate weaning, Opti-GROW Foal-Cubes contain the same level of lactosis. Even difficult and stubborn foals will eat it without any problem.

NO SALE WITHOUT X-RAYS

Breeding is an expensive business. Costs for mare, stud fee, feed and care easily mounts in the thousands ...!

But exactly

for this reason: please do not take any risk when it comes to feeding. Because during gestation, your new champion is made!

FEEDING "THROUGH THE UMBILICAL CORD"

Specific nutrients can only be provided to your foal through the umbilical cord. That's why a healthy foals (free of orthopaedic diseases like e.g. OCD or navicular disease) starts with choosing the right feed for your mare.

Ferto-LAC 3 Mare-cubes with Multi-Calcium-Complex is especially formulated to meet all requirements of mare and foal. Recommended for all gestating and lactating mares (and with an additional calcium- and copper-Complex) for an optimal intake by the (unborn) foal.

FERTO-LAC / 25 KG

OPTI-GROW / 25 KG

FERTO-LAC 3 MARE-CUBES

HEALTHY PROTEINS AND MORE

- Increased level of the 3 most important amino-acids (Lysine, Methionin, Cystein)
- Increased level of the 3 bone minerals Ca., P. and Mg.
- Increased energy- and protein level for an optimal milk production
- Multi-Calcium-Complex: 3-fold Calcium-provision with perfect releasing to prevent orthopaedic diseases like OCD
- High levels of Vitamins to support the mare's fertility and the foals resistance and immune system.
- From 6th month of gestation until weaning

OPTI-GROW FOAL-CUBES

PROTEINS, LACTOSIS AND VITAMINS

- Opti-GROW Foal Cubes provides high levels of the best quality proteins, extra energy and lactosis and vitamins for the best possible start.
- Increased energy- and protein level for optimal growth and muscle building
- High in vitamins, trace-minerals and essential amino acids
- Multi-Calcium-Complex and three-fold Calcium-provision for a strong and healthy skeleton (reduces the risk for OCD)
- Very tasty and digestible, in order to permit feed intake by the foal from a few weeks of age onwards

Breeding-Stud Jean Huls in Noorbeek, the South of the Netherlands (www.opfokbedrijfheuvelland.nl)

THE CLOSEST OF CALLS IN 151 YEARS!

At the 2006 Deauville-Sales, Dunaden was the cheapest foal, allocated at 1.500 euro. It was raised in the Netherlands on an Opti-GROW and Dravers-Brok Cubes diet.

On November 1st 2011, Dunaden won the "the race that stops a nation" after the closest race in living memory.

Feed can make a difference !

Dunaden (middle) as a yearling ...

... and winning the \$ 6 Million Melbourne Cup.

Iffezheim-Racetrack near Baden-Baden

90% OF ALL...

...race- and performance-horses are prone to gastric ulcers. Main risk-factors are stress, too much grains, not enough roughage, not enough chewing (or buffering saliva), workload, inappropriate use of supplements, travel or boredom. HAVENS Gastro+ has especially been developed for these equine athletes.

GASTRO+

FEATURES AND BENEFITS:

- Special Acid Buffers to sooth the stomach and neutralise excess acid
- Low carb & high fibers to promote chewing and saliva-production
- Extra essential amino-acids to improve performance
- Extra oils (with optimal omega -6 to omega -3 fatty-acid ratio) that favors ulcer-healing and provides slow-release energy

SPECIAL ACID
BUFFERS

GASTRO+ / 20 KG

WORLDWIDE

HAVENS FEEDS ARE AVAILABLE IN 55+ COUNTRIES AROUND THE WORLD

DRAIVERSBROK / 25 KG

DRAIVERSBROK-CUBES

NO. 1 BESTSELLER

No. 1 bestselling training- and performance cubes for all horses in medium to heavy training. To be fed after Opti-GROW starting ± 18 months.

- 100% natural energy from healthy cereals, protein-rich french alfalfa, linseeds, etc.
- Offers protein-support for all (growing) muscles
- For a perfect vitality of coat and skin
- For an optimal hoof-condition (extra Biotin)
- Complete: high levels of all B-vitamins and beta-carotene

POWER-PLUS MIX / 20 KG

POWER-PLUS MIX

BEST FRENCH BLACK OATS FOR PEAK FITNESS

- Best french black oats and micronised cereals for fast energy
- Pure soybean- and linseedoils for slow-release energy, glycogen-loading and stamina
- Meets all requirements of anaerobic respiration during periods of hard work
- Easy digestible proteins to avoid overcharging the kidneys
- Anti-stress: high vitamin-levels (e.g. Vit. A., B., E., Biotine)
- Extra electrolytes (ideal for intense training or in hot climates)

THE GREEN VET / 20 KG

THE GREEN VET™

“A KILO A DAY KEEPS THE VET AWAY”

- Complete and exclusive mixture of micronised cereals (barley, wheat, maize), rolled french oats, healthy alfalfa and carrot flakes
- With added essential oils and natural herbs (eucalyptus, thyme, peppermint, pennyroyal, marjoram and basil)
- Highly digestible and very tasty
- Stimulates digestion, general health and muscle metabolism
- Very suitable for race-horses in training or at rest or horses prone to gastric problems
- Stimulates the respiratory

WHAT'S IN A NAME?

The word DraiversBrok means “cubes for trot or canter”. In fact, DB was lauded in the Netherlands back in the '50s as the first complete cubes for race- and performance-horses. Today DraiversBrok cubes are used by trainers and riders around the world, from racing-trainers or trotting-champions to Olympic Champions in dressage or showjumping. Worldfamous Dunaden was raised with HAVENS DraiversBrok.

Draiversbrok crowned with the Gold-medal at the Barcelona 1992 Olympics.

7 mm cubes for better chewing

OATS FREE

NATURAL BALANCE / 17,5 KG

NATURAL BALANCE + ADDED SPELTWHEAT

For all performance-horses with sensible digestion (in training or at rest).

- With healthy speltwheat- and alfalfa-fibers for extra saliva-production
- Free of molasses and no added sugar
- Also suits horses prone to laminitis, summer itch and insulin resistance.
- Optimal omega 3/6 ratio for improved stamina and ability to concentrate
- Improves hoof quality, skin and coat.
- Contains garlic; suits horses troubled by insects, horseflies and flies.

HAVENS MIX

- Quality chaff of Timothy grass, Alfalfa and a blend of linseed products
- Upgrades the diet (proteins, amino-acids) and increase eating time
- A well chewing horse is a happy horse

HAVENS BRIX

- Compressed 1 kilo (2.2 lbs) pure alfalfa and mint BRIX
- Helps relieve boredom (esp. Racehorses in training)
- Promotes chewing, saliva production and digestive health.
- Compact and easy-to-feed

HAVENS MIX / 15 KG

HAVENS BRIX / 14 KG

OATS FREE

LOW SUGAR

COOL-MIX / 20 KG

COOL-MIX MUESLI WITHOUT OATS

Complete non-heating mix with extra lalfalfa and unique spelt wheat for all easy-to-feed horses or nervous or sensitive horses.

- Low energy; slow-releasing for better control
- With easy digestible fibres and a high level of natural beta-carotene
- High levels of minerals, vitamins and trace elements
- Low sugar to reduce risk of laminitis

OATS FREE

SLOBBER-MASH / 20 KG

SLOBBER-MASH + EXTRA LINOL

Original oat free mash with toasted linseed meal for a purifying action.

- Rich in vitamins and easy digestible fibres
- With extra linoleic acid and sunflower oil
- Ideal for horses with digestion problems, equine colic or (old) horses with chewing problems
- Improves hoof and coat condition

KENTUCKY LIGHT / 25 KG

KENTUCKY LIGHT E GLYCOGEN-LOADING

Kentucky Lite E is an energy mix, with black oats, special high-performance-vitamin cubes and soybean oil, for horses in hard work.

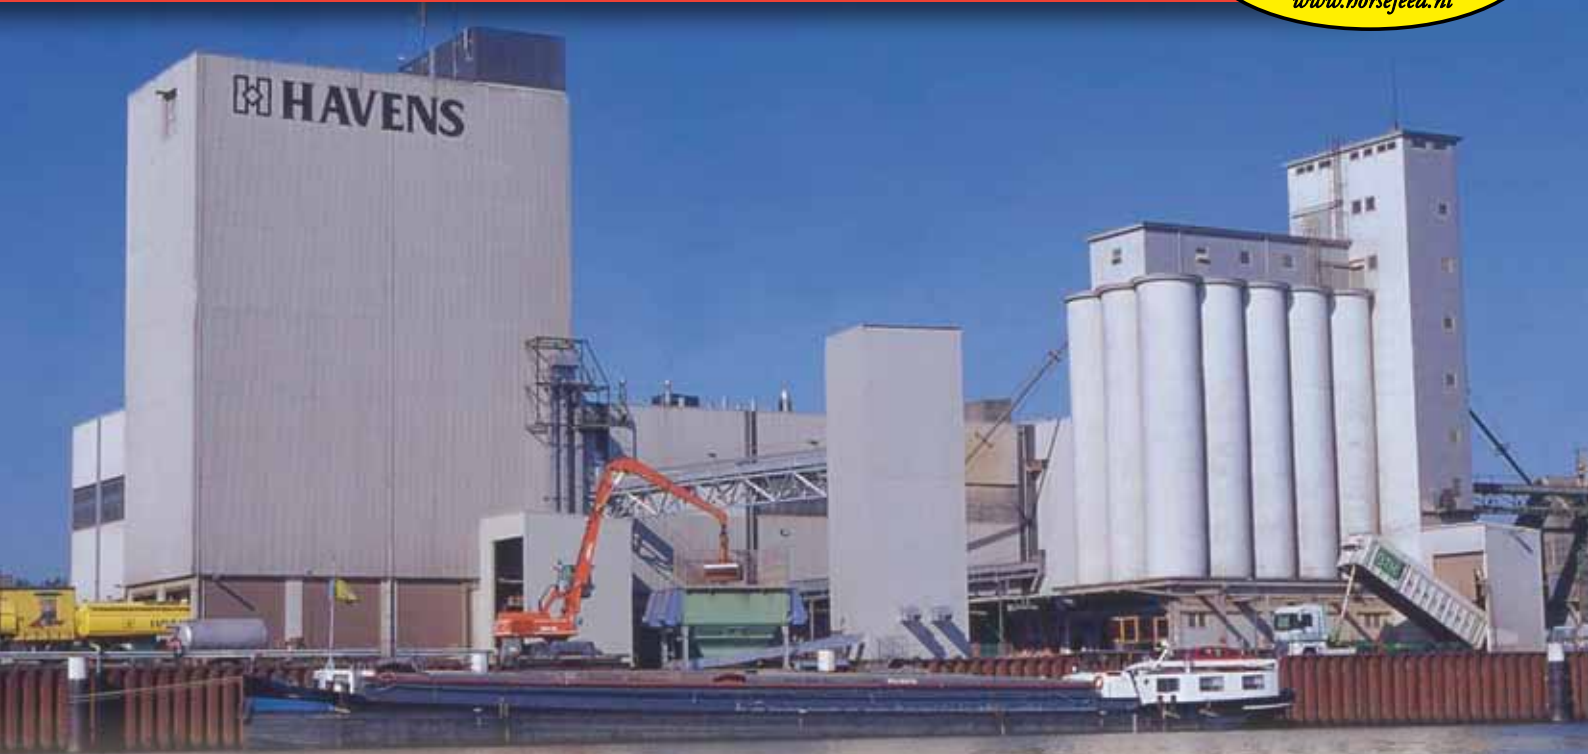

- Permits optimal loading and storage of the glycogen reserves
- High energy level from carbohydrates and starch
- High Vit.E; improves muscle condition

All HAVENS Feeds – sold to 55+ countries - are produced in the same HAVENS-factory in Maashees, the Netherlands for the same world-wide quality.

EQUIFORCE

Highly concentrated feed-supplements, powered by HAVENS.

Bestsellers:

- Equiforce E+ for muscle build-up
- Equiforce Lyte for electrolyte-balance
- Equiforce Matrix HA: premium joint-supplement

See www.horsefeed.nl/equiforce/

ALL-IN-ONE CUBE: 7 ADVANTAGES

- No selection (every cube is the same)
- 7 mm. for better chewing (and no teeth problems)
- Complete = with all vitamins & mineral
- Extra linseedoils for hoofs, shine & coat
- 25 ingredients and more
- Easy-to-store (no oxidation or rancidification)
- Better value-for-money

IMPORTANT

Guarante: HAVENS Feeds do not contain any ingredients prohibited by FEI and/or Jockey Club Rules. All feeds are periodically tested.
