

## PRODUCT DESCRIPTION

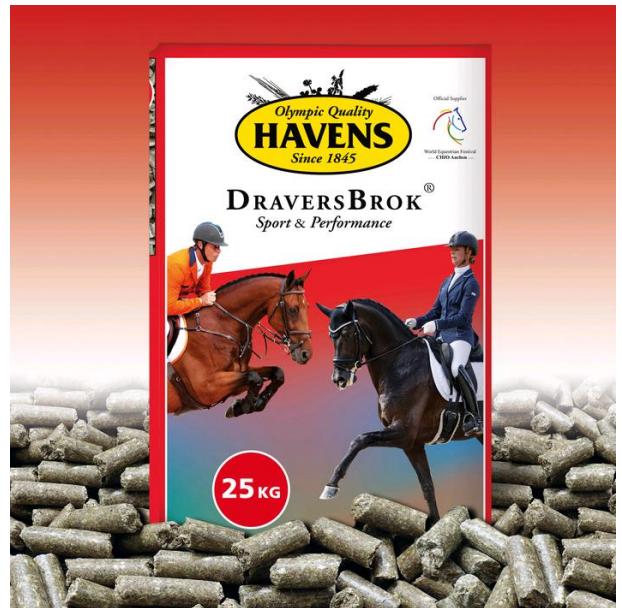

DraversBrok is one of the oldest HAVENS products and the number one bestselling feed.

It is a fully balanced sport- and performance cube (7 mm), composed of 100% natural and exclusive ingredients such as cereals (oats, barley, corn, wheat), alfalfa and linseed oil. It ensures an optimal condition and shiny appearance of your horse or pony.

DraversBrok is – due to its high energy level – very suitable for horses and pony's in medium to heavy work.

### Key features:

- Complete sport and performance feed
- Superb protein quality to support muscle tone development and top line
- Promotes perfect vitality and optimal hoof and skin condition
- Also ideal for young, developing horses
- 100% natural energy from cereals, alfalfa and linseed oil

## FEEDING GUIDELINE

It is important to feed a diet and quantity that meets the lifestyle and needs of the horse. A general guideline for the recommended total amount of concentrates per day:

- For maintenance and basic sport: 0.2 to 0.5 kg per 100 kg bodyweight.
- For (top) sport: 0.5 to 1.0 kg per 100 kg bodyweight.

Divide this daily ration into at least 2-3 meals per day. Always try to feed a minimum of 1.5% of bodyweight as good quality forage. Fresh drinking water must be available at all times.
