Natural Balance

PRODUCT DESCRIPTION:

The Natural Balance is a healthy **oat-free** and **textured** muesli. Suitable for different types of horses and ponies. The muesli is very tasty yet contains a **low share of sugars**, consisting of only natural sugars. The Natural Balance is **100% molasses-free** and thanks to the rich addition of oil, a horse gets enough energy from the product which contributes to a better condition. Thanks to the high fibre content combined with easily digestible pelleted grains, the Natural Balance also contributes to a healthy digestion. The heat treatment of the grains enhances digestibility, making it easier for the horse to absorb the nutrients. The Natural Balance contains a high proportion of spelt, natural glucosamine, and has a relatively low **glycaemic index (GI)**. The latter indicates how quickly and how far glucose levels rise after ingestion of the raw material.

The Natural Balance is a **fibre-rich** muesli and therefore really challenges horses to chew the muesli sufficiently. This ensures **optimal saliva production**, important to support good stomach function. Saliva has a neutralising effect on the pH value in the stomach.

The unique composition makes this muesli very suitable for older horses that can still chew sufficiently and benefit from a low-sugar ration. In addition, the combination of no added sugar and the addition of garlic makes this muesli popular among horses prone to summer eczema.

- ✓ **Molasses-free** and with no added sugars, fits into a **low-sugar ration**
- ✓ **Optimal omega 3/6 ratio**, supporting **fertility, immunity, hoof quality, shine and performance**
- ✓ **Rich in fibre** and coarse in **texture**, encourages chewing
- ✓ **Oat-free** muesli with a high oil content
- ✓ Contains a safe portion of **garlic**, to keep insects and flies at bay
- ✓ Suitable for older horses that can still chew sufficiently

Slow-releasing energy

& no added sugars!

NUTRIENT/KG

Dig. Energy	13 MJ	Threonin	3.7 g	Cholin-Chloride	338 mg

T = Total A = Added

Packaging: **17.5kg** bags

Composition: **Muesli**

COMPOSITION:

Spelt(35%), Maize heat treated, Lucerne, Maize flakes, Wheat heat treated, Vegetable oil and fat (Linseed), Wheat middlings, Soya bean hulls(*), Barley, Calcium carbonate, Carrot flakes, Dried (sugar) beet pulp, Garlic flakes(0,5%), Sodium chloride, Monocalcium phosphate, Vegetable oil and fat (soja(*)), Vinasses, Magnesium oxide, Maize gluten, Fatty acid distillates from physical refining(palm)

*=produced from genetically modified soybeans or mais.

FEEDING ADVICE:

It is important to feed a diet and quantity that meets the lifestyle and needs of the horse. A general guideline for the recommended total amount of concentrates per day:

- For maintenance and basic sport: 0.2 - 0.5kg per 100kg bodyweight
 - For (top) sport: 0.5 - 0.75 kg per 100kg bodyweight
- Divide this daily ration into at least **2 - 3** meals per day.
 - Always feed at least 1.5% of your horse/pony's body weight good quality based on dry matter roughage.
 - Fresh drinking water must be available at all times.
